Revised DIA Master Plan

Director Iftikhar Ahmad provided the group with an overview of the revised DIA Master Plan. Mr. Ahmad reviewed the overall philosophy of the airport in terms of growth and business development and explained how DIA was an important regional asset for the entire Dayton area.

Following Mr. Ahmad's presentation, he accepted questions. Mayor Lovett asked Director Ahmad what he was asking the communities for at this point. Mr. Ahmad responded that he would like to have the community's support for the proposed Master Plan before it was filed with the FAA.

Mayor Lovett followed with the statement that the City was looking for something from the Airport and referenced the implementation of a tower order or flight departure procedure concerning flights coming to and from the northeast. Mr. Ahmad responded that he would do everything within his power, including going with the community officials to the FAA, to obtain their approval of such a procedure if that is what the community wanted.

Adjournment

There being no further business, it was moved by Mr. Evans, seconded by President Beagle, that the meeting be adjourned. The motion unanimously carried. President Beagle declared the meeting adjourned at 6:05 p.m.
